PMC®

www.pmc-speakers.com

In celebration of 21 years' production of the world's leading professional reference monitors, PMC is proud to launch the hand built, limited edition, DB1 Gold - the finest version of the DB1 studio monitor made to date. This updated model provides the discerning music lover with a window into the professional world, giving access to the identical

sound balance and vibe intended by the recording artist, without missing a single nuance.

The DB1 Gold has the ultra-high definition sonic performance and finesse of the current professional range with added refinement to its look and feel. The cabinet features the studio heritage textured black

Textured black front baffle and a veneered main body

Hand built British quality with a 20 year warranty

DB1 Gold

The window into the professional world

Wisseloord Studios - one of the world's leading music production facilities, PMC equipped

front baffle and a veneered main body. And such is the confidence in build quality and engineering excellence that the warranty has been extended to a phenomenal 20 years - unheard of in both the professional and hi-fi worlds.

ATL™
Advanced Transmission Line

All of our loudspeakers offer **ATL™** bass loading technology, which provides the following advantages over ported speakers:

- More detailed, more natural – as it was in the studio
- Full, rich sound at any volume level
- Deeper bass from a smaller cabinet with **ATL™**
- Easy to drive with all amplifiers

Professional proven drive units

DB1 Gold
